SKYRESTORE

**5 & 1 LITRE
&
CARTRIDGE**

PRODUCT DESCRIPTION

SKYRESTORE...

...is a thixotropic gel used for the speedy removal of fully cured sealant. Simply applied undiluted by brush and left for 15 to 45 minutes dependant on thickness of sealant. This allows the power of SKYRESTORE to break-down the sealants resistance. The sealant can then simply be removed using a non-metallic scraper. Any residue is eliminated by reapplying SKYRESTORE or using SKYWASH/SKYWIPES as a mop-up operation. SKYWASH/SKYWIPES are also used as cleaning agents ensuring the site is acceptable for the reapplication of either sealant or paint. It is supplied in 5 or 1 Litre containers & 170cc cartridges.

THIS PRODUCT MEETS THE FOLLOWING SPECIFICATION (S):-
